The Troubles in New York and New Jersey.

NEW YORK, July 12.—The riot has commenced at last. The mob begun in the vicinity of Eighty-third street and Third avenue, and are driving the people out of the streets.

Two hundred and fifty picked men, under Captain Hedden, Fifteenth precinct were sent there. Prince street is alive with men speaking in whispers, who, when they see any strangers coming, keep silent. There was a report of a fight at Hibernian Hall, but before the police reached there it was stopped and all is quiet.

Fighting is going on in Tenth and Eleventh precincts, and along Bleecker street. The militia have been ordered to Eighth avenue and Forty-second street, where an attack has been made upon Judge Heisen's house. Large bodies of police have left in stages also.

Report says two Ribbonmen were killed early this morning on Prince street. The troops are said to be firing on the mob in Avenue A, and two soldiers were killed. Harper's building was attacked by the mob, who were repulsed. It is reported that the rioters pressed all the conductors and drivers, and many passengers, on the Eight Avenue Railroad, into their service, and cut the telegraph wires on that avenue.

A procession of about two hundred men, without any society orders or badges, passing up Broadway, were stopped by the police on the corner of Tenth street, and dispersed. The police came down in stages.

The police seized 200 stand of arms at the rooms of Fenian Hall, Nineteenth and Twenty-first avenue, and brought them to police headquarters. The mob did not wait to learn the business of the police, but fled at their approach. About 300 men obtained arms at Hibernian Hall, and proceeded towards the west side of the city, no doubt intending to intercept the Orange procession. A large body of police were sent in pursuit of them.

A man named Conrad Freeman was knocked down and beaten in a shocking manner, and was taken to the Fourteenth precinct station-house, and attended by a police surgeon.

The Governor, learning that it was the intention of the Jersey City Orangemen to parade here, ordered the boats from that city to be stopped, and none of them to be allowed to come over here, as he did not intend to protect citizens from other States.

The police, backed by the Eighty-fourth Regiment, made a raid on Hibernian Hall, when the mob ran like sheep. A large number were arrested and locked up. Revolvers and pistols being found on these persons, their arms were removed by the Eighty-fourth and taken to the Central Office. Wm. Hennessey and Patrick O'Grady, of the police, refused to fight, and their buttons were cut off and the men locked up.

THE KILLED AND WOUNDED.

As early as 8 o'clock this morning crowds of Orangemen were collected around their headquarters, corner of Twenty-seventh street and Eight avenue, where the procession was to start from. In the building on the corner, where two lodges held their meetings, were gathered the members, numbering about 200, with a few women. The men wore orange scarfs, and had revolvers and swords about them. The police, numbering 400, arrived at half-past 10, under the lead of Inspector Jamison and Willing, and placed one squad on Thirtieth street and Eighth avenue, and another on Twenty-eighth street, and one corps on Twenty-ninth street, about half way down the block, on both sides of the avenue, to prevent any not members of the Orange fraternity from entering the lines. Several persons representing themselves as Orangemen were allowed to pass through, but being rather suspicious looking they were arrested by the police, and on about 20 were found revolvers, pistols of all kinds, clubs and old rusty swords. From one man was taken a seven-shooter, loaded, a box of cartridges, and a roll containing the names of nearly one hundred volunteers, who were ready to do duty. Every few minutes arrests were made, and in almost every case firearms were taken from the prisoners. A fellow representing himself as a reporter had furnished himself a four-shooter and ammunition and a club. At 2 o'clock the neighborhood of the Orange headquarters became crowded, and the police had difficulty in keeping the mob within bounds. About half-past 2 the Orangemen formed on Twenty-ninth street, below Eight avenue, and at the same time the Twenty-second regiment, under Colonel Porter, marched past and formed a line on Eighth avenue, where they loaded with ball cartridges. Next came the Sixth regiment, which took up a position to the north of Twenty-third street. The police were on the east side of the street, and the military on the west, and it would seem to be the intention to have the Orangemen march between two files. They presented a small appearance, and numbered about two hundred. They had two banners, one the Stars and Stripes, the other a banner bearing the picture of William of Orange on horseback, and a small one with the inscription, "American freemen, fall in." After waiting some time for a band of music, it left, and the line formed. About this time the police on the other side of the street made a rush on the mob, and it was feared a general row would take place, but it was quieted, and at 3 o'clock the signal for starting was given.

The procession started and was twice attacked by the rioters, who were quickly put to flight by the police. A large number of rioters were clubbed and taken prisoners. At twenty-sixth street the Ninth Regiment charged the mob with fixed bayonets. Several persons were killed or wounded, among them one woman. Colonel Fisk was shot through the ancle; Captain Spencer, of the Ninth, was killed by his own men while firing a volley on the rioters. Lieutenant Page, of the Ninth Regiment, advertising agent of the Grand Opera House, was mortally wounded. Between Twenty-fifth and Twenty-sixth streets the mob fired three shots at the procession, and the military returned the fire, killing eight and wounding thirteen. Two boys and a lady were shot; sixteen citizens and three soldiers were killed. Coming down the avenue at the corner of Twenty-third street, the Eighth and Fourth regiments fired on the mob, killing and wounding twelve. One policeman was shot dead.

LATER.—The fight on Twenty-fourth street and Eighth avenue was more severe than at first reported. Over 150 of the mob were certainly killed and wounded. Among the troops known to be killed, besides those already reported, are a captain of the Eighty-fourth and two privates, and a sergeant of the Ninth.

Five regiments are resting on their arms near the Cooper Institute.

General Shaler at first advised the Orangemen not to bear banners, but finally he told them to carry what they pleased. The Orangemen gave three cheers for Governor Randolph and three cheers for the Stars and Stripes. The Master then exhorted the brothers to keep the peace and maintain their dignity and on no account to retaliate for blows or insults while on the march; any brother being disorderly would be expelled from the order. A question then arose whether the ladies should join in the procession in carriages. The ladies were not afraid, but finally concluded to go home and wait the result. One brother was pointed out as well known to the Catholics, and he was requested not to go out, for if he did there surely would be a riot. Thos. Bennett then offered up a prayer for divine protection on this great day.

Governor Hoffman, accompanied by several officers, drove up the avenue while the procession was moving on Eighth avenue. Notwithstanding the dark appearance around, he never looked better than this afternoon. The soldiers, two deep, lined the avenue for eight blocks, and a thousand policemen were also present. The pavements, windows, and every inch of room was occupied by dense crowds. As soon as the riot began the stores in the upper portion of the city were closed, and in the jewelry and some other stores the valuables were removed from the show windows. The postoffice is now guarded by the Sixty-ninth Regiment, which, although Irish, stands ready to put down the Hibernians.

10 P. M.—About 40 persons were killed during the riot to-day. The total number of wounded is unknown, but 15 are known as mortally wounded. At the Sixteenth precinct there were 16 dead bodies this evening; they were removed to the morgue. At the Twenty-ninth precinct there were 4 dead bodies. At the morgue there are now 40 bodies. The only ones so far identified are Henry C. Page, of the Ninth Regiment, and advertising agent of the Grand Opera House; Chas. Pettit, Chas. Bucklin, and Archibald. Among the killed at the Sixteenth precinct were a woman and a child. The remainder are supposed to be rioters. Colonel Fisk was at the head of his regiment, and was wounded early in the affray, when the collision at Twenty-fourth street took place. While he was in the act of giving an order he was struck with a club and one of his ankles broken. He was at once removed to his private residence in Twenty-fifth street. His wound though painful, is not dangerous.

Captain spencer, of the Ninth Regiment, is reported to have been struck at the same time, and seriously though not fatally injured.

ADDITIONAL PARTICULARS.

The Orange procession broke up in Fourth avenue opposite the Cooper Institute. The Orangemen put their badges and regalia in their pockets, and mingling with the crowd quietly dispersed. The police took charge of the Orange banners.

The city is quiet. Heavy bodies of troops are patrolling the city. The troops are in the armories, ready to leave at a moment's notice.

An Orangeman's house was stoned to-night, but the mob fled before the police.

Several small fights were made.

In Brooklyn there was so much excitement in regard to the terrible riots in this city, that it was thought advisable by the Police Commissioner and Chief Campbell, to have the available force at headquarters during the night. All the court officers and sanitary squads were held in reserve to 1 A. M. The Fourteenth Regiment was dismissed early in the evening. All the Regiments turned out in full numbers. The Seventh had 1,100 men in line.

The locality of the house to which Colonel Fisk was taken is kept secret, as the mob threatened to take the life of any member of the Ninth, especially Fisk. The Hibernians swear they will have vengeance.

MEETING OF NEW YORK MERCHANTS.

NEW YORK, July 12.—At an adjourned meeting of merchants this evening, at the Produce Exchange, the following resolutions were adopted:

Resolved, That we enter our solemn protest against the arbitrary assumption of power on the part of the Mayor and Superintendent of Police in discriminating between the rights of one religious or political organization to the prejudice of another.

Resolved, That we utterly repudiate the sophistry and superficial pleadings published in said order for its justification, as unworthy the source from whence it eminated, as in direct opposition to the great American doctrine of liberty for all.

Resolved, That we care nothing for religious or political prejudices that may underlie the differences among our foreign-born citizens, but we depreciate any restriction of the rights of one class more than another, and equal rights and privileges must and shall be granted to all foreigners alike, without regard to their voting power.

Resolved, That the thanks of this meeting are due and hereby given to Governor Hoffman for the prompt manner in which he has relieved the the Empire City from the odium of being governed by the rabble.

A BERLIN correspondent writes of the German losses during the late war: "Revised official lists put them at 4,990 officers and 112,038 men. Of the former, 1,165 are killed, 3,795 wounded, and 30 missing. The greater proportion by far, fall to the share of the North German army, viz: 918 killed, 2,972 wounded, and the whole 30 missed—altogether, 3,920 out of the 4,990. Of the men 18,131 are killed, 87,742 wounded, and 26,165 missing. Here, again, by far the greater part are North Germans, viz: 14,839 killed, 71,792 wounded, and 5,902 missing—altogether 92,533."

ON the same day that Vallandigham shot himself at Lebanon, Ohio, a brother lawyer, Horace H. Currier, shot himself in the same manner showing how a pistol was worked, but perhaps not fatally.

The New Departure and Alexander H. Stephens.

It is amusing to see how the radical press squirm, and twist under the application of the hot poker which the Democrats have thrust into their midst in the shape of the so-called "new departure." They see and feel that by ignoring past issues, and confining the contest to the evidences of Radical misrule, and corruption, and the accumulated evils which they have brought upon the country, the wind is completely taken out of the sails by which they expected to be wafted into a new lease of power at the next Presidential election. They know that their only hope of retaining the power which they have so signally abused for the benefit of corrupt cliques, monopolists and overgrown capitalists, at the expense of the laboring and producing classes, consists only in fostering sectional strife, and keeping alive the dying embers of animosity and hate engendered by the late lamentable civil conflict. Hence their consternation and alarm at the unanimity with which the new departure was accepted by the Democracy in all parts of the Union, and incorporated in the platforms of all their conventions, which have thus far assembled, they have resorted to every device and subterfuge to neutralize or evade the effect of this new feature in the Democratic programme. They first tried ridicule, then they charged the Democrats with inconsistency and insincerity, but lastly and chiefly they seek to produce the impression that its acceptance will produce serious division and disaffection in the party; and to this end they eagerly seize upon and spread before their readers every expression of disapprobation to be found in the Democratic papers. We have an evidence of this in the following extract from an article on this subject by Alexander H. Stephens which has been going the rounds of the Radical press:

"If any Democrat has changed his opinion and come to the conclusion that the Radical party was right, then it is not dishonorable for him to say so; but when he doesn't the only honorable course for him to pursue afterwards is to go and join that party."

Now we do not know in what connection the above language was used or how far it may be explained or qualified by the context, but if it is intended to mean as the language itself seems to impart, that the acceptance by the Democratic party of the recent amendments to the Constitution as fixed political facts under the forms of the Constitution, necessarily implies an approval of those amendments, or of the manner of their adoption, then the conclusion is most illogical, and shows that neither Mr. Stephens, nor the Radical party understand the true position of the Democracy on the subject. A man may well admit the existence of a state of facts which is entirely beyond his control, and at which both his feelings and judgment revolt. Such we conceive is the position of the Democratic party in relation to the matter in issue. The amendments in question have been adopted in accordance with the forms of the constitution; they have been officially promulgated by the department of the Government charged with that duty as a part of that instrument, and as law-abiding citizens they accept and obey them so long as they remain a portion of the supreme law of the land, leaving the question of their validity to the highest judicial tribunal of the country, and their policy to an enlightened public opinion when freed from the influence of partisan passion and prejudice. There is nothing in this inconsistent with their opposition and resistance to their original adoption, nor does it necessarily imply a change of opinion or an approval of that which they formerly disapproved of.

There is nothing therefore in this new plank in our platform to which every honest Democrat may not cordially subscribe. Leaving then the dead past to burry its dead, let each one gird himself for the coming contest and go to work to win. The Radical party are vulnerable at every point; their monstrous corruptions, their squandering of the public domain and public goods, their oppressive system of taxation, their class legislation for the benefit of corrupt cliques and railroad and other monopolists, has thoroughly aroused the people, and it requires only a united and persistent effort to drive them from power, and put in their places an honest and capable Democratic administeration.

Proclamation.—Ratification of the Treaty.

WASHINGTON, July 5.—The proclamation of the Treaty of Washington, dated yesterday, commences as follows:

By the President of the United States of America, a Proclamation:

WHEREAS: A treaty between the United States of America and Her Majesty, Queen of the United Kingdom of Great Britain and Ireland, concerning the settlement of all causes of difference between the two countries, was concluded and signed at Washington by the High Commissioners and Plenipotentiaries of the respective Governments, on the 8th of May last, which treaty is word for word as follows:

[Here follows the treaty.]

The proclamation thus concludes:

AND WHEREAS; Said treaty has been duly ratified on both parts and respective ratifications of the same were exchanged in the city of London on the seventeenth day of June, 1871, by Robert Schenck, Envoy Extraordinary and Minister Plenipotentiary of the United States, and Earl Granville, her Majesty's Principal Secretary of State of Foreign Affairs, on the part of their respective Governments; now, therefore,

Be it known, That I, Ulysses S. Grant, President of the United States of America, have caused the said treaty to be made public, to the end that the same, and every clause and article thereof, may be observed and fulfilled with good faith by the United States and the citizens thereof.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the City of Washington, the fourth day of July, in the year of our Lord one thousand eight hundred and seventy-one, and of the Independence of the United States the ninety-sixth.

By the President: U. S. GRANT,
HAMILTON FISH, Secretary of State.

Republican Hipocrisy.

The Republican party proposes to make this political campaign upon hypocritical pretenses. Seeing that popular sentiment was very decidedly opposed to railroad subsidies, they belied their entire record by placing an anti-subsidy plank in their platform. It is a matter of common notoriety that they are favorable to railroad subsidies, and we think we hazard nothing in saying that, with the solitary exception of the Sacramento *Union*, no Republican journal in California committed itself fully against that policy until popular sentiment forced it to do so. Many of them took strong grounds in favor of subsidies, and not a few ridiculed the Democracy and affected to believe that, because we opposed subsidies, we were inimical to all internal improvements. Their entire record has been an unbroken chain of the most gigantic subsidies, and, had it not become manifest that the people of this State did not approve of that policy, they would have been standing on a subsidy platform at this time. They gave us no encouragement in our struggle against the subsidy element in our own party, but did everything they could to encourage our opponents and defeat our efforts to protect the people. They either favored subsidies or were discreetly silent until we had agitated the matter thoroughly, and it became evident that the masses, irrespective of party were with us. Then they came forward, and, by a simple resolve, pretended to place themselves in accord with the people. But this is not all. They nominated a subsidy ticket from top to bottom, with the exception of their candidate for Governor, and he is but a recent convert. He was a subsidyite when a member of the State Senate, and before leaving that body, delivered a strong speech in favor of that policy. It is clear that the Republicans are acting the part of hypocrites in this campaign. They are attempting to practice a fraud upon the people which will reveal itself very soon after they get into power, should the election result favorably to them. Booth, should he adhere to his pledges to the people, will be gotten out of the way by some means—either by being sent to the United States Senate, or in some other manner—and Pacheco, who is a well-known subsidyist, will become Governor. Should this not occur, Pacheco will be President of the Senate, wielding great influence over that body, and having the casting vote in case of a tie. The fact that all the railroad organs and understrappers in the State are united in opposition to the Democratic ticket is positive proof that the Republican ticket is acceptable to the railroad people, and the preference thus shown ought to convince men of all parties that the Democratic party is the only one that the people can trust in this emergency. If any one supposes the railroad people would support men for office whom they believed were inimical to their interests, he is very green. They *are* supporting Booth, Pacheco and Company, and are working for the success of that ticket.—*Sonoma Democrat.*

THE RESTING PLACE OF PRENTICE. The grave where George D. Prentice sleeps is not made conspicuous by outward adornments, but the fame of the man whose bones rest beneath its sod gives its prominence. Though one of the humblest graves in Cave Hill Cemetry, it claims more attention than those all around it marked by imposing monuments. Long before he died Prentice built a monument for himself, a monument grander in its every proportions than any hewn out of marble. But it is only the mortal part of the man that sleeps at Cave Hill. It can be said of him as he once feelingly said of Colonel Wallace, bending over the last resting place of the dead: "Farewell old friend! Though the green sod is now above the mortal form, the blue sky is no longer above the immortal soul." As we walk to the hillside we stop and look with feelings of sorrow at the humble spot where the Nestor of the press, the man of princely intellect, George D. Prentice, lies. The poet and journalist, whose pen evoked the admiration of the world, whose name was synonymous with everything brilliant and poetic in literature, lies in an humble and almost unnoticed grave. A little Grecian canopy, resting on four columns, with an urn in the centre, and on top a lyre with a broken string—so sadly expressive of the music that has been lost to the world—is all that represents in material substance the illustrious dead. On the grass which is springing up green and fresh over the lowly grave is a broken goblet, in which sometimes was placed some flower tribute by a grateful and loving hand. This is all that indicates the resting place of the man that Kentucky should be proud to honor. The remains of Courtland Prentice lie near by, and are more distinguishable in their outward adornments than those of his father.

SAMUEL BRANNAN ON CHINESE.—The Calistoga *Tribune* of last week contained an article over the name of this gentleman, advising the adoption of the national currency and proposing a new, but not improper, measure for sending the Chinese from our midst. Mr. Brannan proposes that meetings be held all over the country, and that resolutions be passed thereat condemning Chinese immigration, and ordering all the people of that race to depart for their homes beyond the seas within the next two years, holding the Chinese merchants who brought them here responsible for their compliance with the order. We know the objections which such a policy will meet, and we know that, strictly speaking, it may present some features of wrong, but the plague grows worse and some measure of redress must be adopted. We have and will ever condemn violence towards any class, however humble; but we apprehend no violence will be necessary in this matter; besides, self-preservation is the first law of nature. We must dispose of Chinese immigration or be our selves the sufferers.—*Napa Reporter.*

SACRAMENTO LOTTERY.—The drawing for prizes in the Pioneer Gift Concert scheme took place yesterday.

GRAND COUNCIL.—The annual Grand Council of the Improved Order of Red Men of this State will convene in Sacramento on Tuesday next.

DEMOCRACY IN SAN FRANCISCO.—There is to be a grand gathering of the Democracy in San Francisco this evening, at which many of the most prominent men of the party are announced to be present, among them Hon. S. S. Cox, member of Congress from New York.

FIRE AT TRUCKEE.—A large conflagration occurred at Truckee, Nevada, on Thursday night. The telegraph operator could not send particulars as the office was on fire and he had to leave with his instruments. The operator at Reno, 34 miles distant, says the fire was distinctly discernable at that place.

TWO BRIGHT LIGHTS.—S. S. Cox and "Brick" Pomeroy are now sojourning at San Francisco. They will doubtless be heard from at the great ratification meeting there to-night. We trust the Democratic Club or the County Central Committee will extend them both an invitation to visit Woodland during the campaign.

HOW ABOUT '69?—The Radicals and their papers have a great deal to say in explanation of their defeat in 1867, ignoring altogether the election of two years later. They have no "Gorham" to plead as an excuse for the overwhelming defeat they met in 1869. Why go so far back as '67, when you were so completely thrashed in '69?

DEAD WEIGHT.—The *Union* on June 11th said that if Pacheco were nominated for Governor, "his record at the last session of the Legislature will make him a fatal dead weight to the rest of the ticket." To obviate this difficulty Booth was put at the head and Pacheco tacked on for Lieut. Governor, with the intention, if successful in electing both, of sending Booth to the U. S. Senate, and then wring Pacheco in by due course as Governor. The *Union* "struck it" when it called Pacheco a "dead weight."

MORE THIEVING.—President Grant's Civil Service Commissioners have recently given us a sample of the peculiar honesty and the economy to be expected from them, by drawing pay from the public treasury at the rate of *fifty dollars per day, each*, or at the modest figure of about $18,500 a year, to each Commissioner. Where is this kind of economy and honesty going to end, and when? Echo answers, that only when the last mother's son of the Radicals is hurled from office and sent to obscurity, will officers and all public servants be held to a strict accountability.

LABOR LOST.—The *Yolo Mail* attempts to be facetious at the expense of the Democratic nominee for School Superintendent, Mr. Edwards, and nauseates its readers with some vile attempt at wit in every issue. This is not to be wondered at considering the fact that Mr. Edwards' opponent is a brother-in-law of the *Mail* man, although we doubt if Mr. Freeman will thank us for making the relationship public. Being a relative of the *Mail* man is not so good a sinecure for office as to be a relative of the great Ulysses, as Mr. Freeman will find to his cost on election day. Mr. E. is a gentleman, and in every way worthy of the position to which he aspires.

THEY STILL COME.—Jacob Jackson, a negro, claiming to be a native of Denmark, was naturalized and made a voting citizen of the United States, in Stockton, July 14th. We cannot see why, by the same rule, any foreigners, such as Chinese, Japanese and Kanakas, and the Cannibals of the South Seas, may not also come in and be voters while citizenship is made so cheap. How many years will it be before our once boasted citizenship will be like that of Mexico? We haggle over giving the elective franchise to the fair sex, but it seems that there is no trouble about bestowing it upon a Danish negro, who knows about as well how to use it as a dog does how to handle a hymn book.

GOV. HAIGHT AND ATTORNEY-GENERAL HAMILTON.—A list of appointments are announced where Governor Haight and Attorney-General Jo Hamilton will address the people. Commencing at Petaluma, July 25th, they will then take in order: Napa City, July 26th; Vallejo, 27th; Sacramento, 29th; Woodland, August 1st; Marysville, 2d; Chico, 3rd; Auburn, 4th; Grass Valley, 5th; Suisun, 7th; Santa Rosa, 8th; Healdsburg, 9th; Ukiah, 10th; Oakland, 12th; San Jose, 14th; Santa Cruz, 15th; Gilroy, 16th; Stockton, 17th; Sonora, 18th. It will be seen that these two distinguished gentlemen will be at Woodland on Tuesday, August 1st. We trust our County Central Committee will take such action as will secure a large turn out of voters to hear them.

HOW BOOTH WAS NOMINATED.—During the Radical State Convention one of the *Alta's* correspondents telegraphed to that paper that the Booth men were "buying all the proxies they can for $2,500 apiece," and that "the Booth men were making a break for the Tenth Ward delegates with coin." Here is a corrupt showing in the outset that does not look very well for Mr. Booth. If such means were used to secure a nomination, that being successful it is hard to say what tricks will not be resorted to to secure his election. The *Alta* being the great Radical organ, of course no one, not even the *Mail*, will dispute the bargaining above referred to. Being a Booth delegate, however, the *Mail* man did not secure any of the coin so freely used on that memorable occasion.

COMPLETED.

At last the Republicans of Yolo county have succeeded in completing their nominations for county officers. Failing in County Convention to make all the nominations, it was left to the County Committee to complete them, which they did on Saturday last. For County Treasurer, George W. Bell, of Washington was put upon the ticket, and for Public Administrator, E. E. Perkins of West Cottonwood. The candidate for Assessor nominated by the Convention, Mr. Horning, of Daylsville, having refused to run on the ticket, the Committee substituted the name of J. B. Welty, of Merritt Township. This completes the ticket at last. Knowing well that they will be defeated, it is not surprising that candidates refuse to run. It costs money to conduct a canvass, and unless there is a show of success a poor man cannot afford to be nominated. However, the Republicans have at last succeeded in finding men to accept nominations for the different offices and we may soon expect to hear from some of them upon the stump in various parts of the county. They will not make a very active canvass, we imagine, for the reason above stated—they know beforehand that they cannot win. Their candidate for Treasurer, Mr. Bell, we hear spoken of as a good man. So he may be, but we have got a better one, and the inside track in the race by from two to four hundred majority. We like, however, to see our opponents keep up their organization, as two parties are essentially necessary in a Republican government. Besides men of pluck do not become disheartened though they are defeated a few times, and we can but respect men who, believing they are right, are willing to battle for their principles, even though they know the odds is ever so large against them. We will close our reference to the completion of the Radical ticket with three times three for the success of the Democracy, and the consequent correct administration of the affairs of the people of Yolo.

The Dead Democracy,

The Rolla (Mo.) *Herald*, by the way a first-class Democratic weekly, discourses thusly about the "*Dead Democracy*," that some of our Radical exchanges so vehemently tell us is buried never to be resurected:

It is really amusing with what vehemence the smaller fry of the Radical party proclaim the death of the Democratic party—that nothing remains but to bury the carcass. But in the minds of the older and wiser minds of that party, it is regarded as a right lively corpse—one which is to be feared, and one which every effort is being made to defeat and crush out.

We select a few paragraphs from the speeches and writings of the most prominent Radicals of the day, in regard to this dead party.

The Democratic party to day is stronger than it ever was in its history. It means now to win, and I do not say it cannot win.—*Horace Greely at Vicksburg.*

You may make light of the Democracy, but to-day, in the State of New York, there is a clean Democratic majority of ninety thousand. We never did have the Irish and now we are losing all the Germans.—*N. Y. Times (Radical.)*

What mania possesses this Radical party? I am a Radical myself, but I am not an Ostrich to run my head in the sand and think I am invisible. Too much stealing will be the death of us.—*U. S. Conklin, in a speech at Brooklyn and quoted in the Herald.*

But two courses are now open to all Americans who love the Republic. They are to defeat Grant and elect some one who is not a soldier. Bayonets and the constitution do not pull in the same harness.—*Cin. Commerical (Radical.)*

Grant, with his Ku-Klux bill, thinks he can kill the Democracy. It will take more men by a million than he had at Appomattox.—*N. Y. Sun. (Radical.)*

A great deal has been said about the dead Democracy. Those who think it is dead surely never read the story of its resurrection. There will be signs in the heavens and on earth in 1872, when this Democratic party gets its soldiers in the field.—*Springfield (Mass.) Republican, (Radical.)*

He is a fool or a trator who expects to win an easy victory over the Democratic party in 1872. Grant can never do it with the bayonet. *N. Y. Evening Post, (Radical.)*

Truly, they will find a lively old carcass before the ides of November, 1872, records its tales of triumph or defeat. A dead party, indeed!

RAILROAD RUMORS.—Public gossip and the newspapers teem with rumors of railroad changes. Some have it that the Central has gobbled up the California Pacific with all its branches and steamboat lines recently purchased. There is another to the effect that the latter has bought out the former, and it is said the Central has expressed a willingness to dispose of its interests in order to have a better opportunity to turn its attention to the construction of the Southern Pacific and San Joaquin roads. At any rate there must be something on foot between these two great companies, for work has been suspended on the Sonoma branch of the California Pacific Railroad, and the surveyors withdrawn from the proposed route of the Eastern Extension. On the other hand the Central Company has just announced its intention of constructing the long talked of air line from Sacramento to Oakland, via Benicia, and has commenced laying rails on the Sacramento river bridge side by side with those of the California Pacific. From all that has been said and done, we are unable to arrive at anything like a satisfactory conclusion. It looks very much like a consolidation of the entire railroad and interior steamboat interests of the Pacific Coast into one immense monopolizing corporation, which we hope not to realize.

A WRONG RIGHTED.—During the session of the Democratic State Convention, printed documents purporting to come from the Industrial Reformers and Labor Associations of San Francisco and containing resolutions denouncing Gov. Haight, were profusely distributed both in the Convention and throughout the city. Every man who was at all posted upon the tricks of the Radicals at once concluded that the thing was a fraud, which the sequel proves to have been the correct conclusion. The Mechanics' State Council which is the head of all the Labor organizations, at a recent meeting, by unanimous vote, passed the following preamble and resolutions. The anti-Haight movement was unauthorized as is here shown:

WHEREAS, The Mechanics' State Council is a conservative representative body of delegates from trade associations of this city and State, having no affiliation with any party as such; and

WHEREAS, It has been industriously circulated that it was being run in the interest of first one party and then another, to the detriment of the interests of those we represent; and

WHEREAS, We have unflinchingly held to the principle that candidates of both parties must do our bidding, or we will vote against those who refuse; therefore,

Resolved, That the use of the name of W. D. Delaney, as President of the Mechanics' State Council, in the publication of a certain preamble and resolutions said to have been passed by the Central Committee of the Settlers' League and the Executive Committee of the National Labor Union, against Governor H. H. Haight, was unauthorized by the Council and in violation of its rule of action towards candidates or office; and inasmuch as it appears to have been used by the editor in prefacing that meeting and not by our President, we acquit him of any intentional wrong.

TO BE VOTED UPON.—Besides the candidates to be voted for this fall, an amendment to the State Constitution will be submitted, providing that the Legislature shall have no power to appropriate funds for a period beyond the next regular meeting of that body. Also the proposition to refund the State debt, as will be seen by the Act published on our last page.

Democratic Economy and Radical Extravagance.

We call especial attention to the following comparative figures of Radical and Democratic economy in the administration of public affairs in California, which we find in the San Joaquin *Republican*. "The Radical newspapers," says the *Republican*, "have had much to say about the extravagance of Democrats since their accession to power in 1867, and would have the people believe that their money has been recklessly squandered in the administration of the State government. That these assertions have no foundation whatever in fact, we will present the figures to indisputably prove. Let us take a review of the financial condition of the State during the ten years last past. At the close of Governor Downey's administration (December, 1861), the total debt of the State was $3,925,000, and the rate of taxation for State purposes 63 cents on each $100. In 1862 (the first year of Radical rule), the rate was raised to 77 cents; in 1863, to 92 cents; in 1864, to $1 25. In 1865, the rate was $1 15, and when the Democrats took the reins in 1867, the rate was $1 13. The first year they cut it down to $1 00. In 1869, the rate was 97 cents, and for 1870 and 1871, 86½ cents. Thus it is seen that the Democrats have, since 1867, cut down the rates of taxation on each $100, no less than 26½ cents. Now for the debt: We have seen that Governor Downey left a debt of $3,925,000. This was increased under Stanford and Low to to $5,221,222. Under Gov. Haight this has fleen cut down by nearly $2,000,000, as follows: Bonds have been redeemed to the amount of $1,703,000, and there remains in the treasury applicable to redemption the sum of $182,000, thus making over two millions of reduction, instead of one million, as our platform erroneously reads. The Legislature, at its last session, authorized the issue of $250,000 in bonds for the purpose of completing the Capitol and erecting a Gubernatorial mansion. These bonds have been issued and have nearly all been taken by the Board of Examiners for the School Fund, only $14,000 of them being allowed to pass into private hands. Including this issue of $250,000, the actual funded debt at this date is $3,311,500. To this must be added a floating indebtedness bearing no interest, of $117,527, as follows:

Funded Debt	$3,311,500
Warrants on Capital Fund	89,000
Warrants on No. mal Scaool Building Fund	28,437
Making a total of	$3,429,037

But it must be kept in mind that of the funded debt the School Fund holds $1,133,500, including nearly the entire amount of the Capitol bonds, thus leaving but $2,125,500 of the funded indebtedness in private hands. The tax is already levied, and a portion of it in the hands of County Treasurers sufficient to discharge the entire floating indebtedness. The figures we have given can be depended upon for accuracy, for we have obtained them from the Controller's office. If Governor Haight is re-elected, the State will not owe a dollar at the close of his second term of office. An Administration never proved truer to its pledges and never watched with more solicitude over the interests of the people, than the present one, and it deserves the plaudits of every honest man in the State."

DEAD WEIGHT.—On the morning after Booth was nominated, and before any other candidate had been balloted for, the *Union* said:

"We shall elect this candidate Governor, if the convention proceeds all the way through in making up the ticket with the same desire to accomodate its action to the will of the people that it manifested in the choice of the head of it. But we take this occasion to remind the delegates that if they are working to win the race in September, they must not allow any factious schemers or selfish ambition to load down the head of the ticket. The contest promises to be close and sharp, and we can't afford to pack a pound of dead weight."

The head of the ticket was nevertheless loaded down with "dead weight" subsidy men, from Booth's name to the bottom, and yet the *Union* has the inconsistency to turn around and support the entire ticket, and the boldness to claim that it will be elected by the people.

TWO BOATS.—The Vallejo *Chronicle* of July 15th has the annexed concerning the Vallejo route:

On the first of next month the California Pacific Railroad Company will put on a morning and evening boat on the San Francisco route. The steamer Capital will arrive here with the evening passengers, lay over here until morning, and on the arrival of the trains take the passengers down without waiting for the steamer. The steamer Julia or Amador will be the day boat, running from San Francisco in the morning, and lying up at Vallejo until the arrival of the evening train, taking down the afternoon passengers. This change will secure a gain of twenty minutes on the trip between Sacramento and the Bay City.

IN LUCK.—A private dispatch from New York announces that the $30,000 prize in the Royal Havana lottery of the 15th inst. fell to San Francisco. The ticket is divided between fifteen persons—the largest holder having only three-twentieths. The winning number was 6,504. Who will win the large prizes to be distributed by the Woodland Benevolent Association? That is a question many are asking. Any ticket may draw a prize, and only cost the purchaser $3 50.

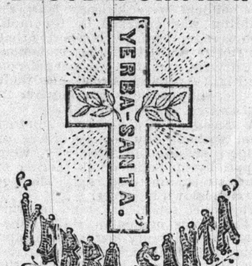
THE GREAT

BLOOD PURIFIER.



JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." R. H. SINTON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative BLOOD PURIFIER and tonic." FRANK MAHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, crippled in hands and feet, unable to move except with crutches, at all times suffering great pain. I was induced to try YERBA SANTA, and soon experienced great benefit from its use. I am at the present time strong and healthy, recommend deed all afflicted with Rheumatism who are to try it." CHAS. WALKER, of Cherokee, Butte county, states: "For many years a sufferer from Rheumatism in its most painful type, I sought relief in vain until I was induced to try the YERBA SANTA, when I found perfect restoration to health. I have recommended it to my friends in all cases a cure was the result, and it is now, as I believe, a perfect, a speedy and permanent cure of its use." J. R. ROBERTS, of San Francisco, says: "I had for some years been afflicted with Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRAH (County Clerk of Butte county,) says: "I have seen many of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. It is PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

CARRIAGE AND WAGON

MANUFACTORY!

CORNER MAIN AND FOURTH STS.,

Opposite Gas and Water Works,

WOODLAND, CAL.

LIVERYMEN, FARMERS

AND TEAMSTERS

Will find my make of BUGGIES, SPRING and LUMBER WAGONS, the best in any market for their use.

REASONS WHY:

BECAUSE they have as good if not the best reputation at home. Each Wagon is perfect in all its parts.

BECAUSE my prices are as low as the lowest for first-class work.

BECAUSE I can furnish the highest home testimonials as to their durability and lightness of draft.

BECAUSE none but the best and most experienced mechanics are employed in their construction.

BECAUSE they are built upon scientific principles, combining the greatest strength with lightness of draft.

BECAUSE wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made in a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the carriage maker with using inferior varnish.

Second—In washing a buggy cold water should be used freely, so as to remove the dust and mud before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the curtains to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Room, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

EDITOR DEMOCRAT:—In the last issue of the Yolo *Mail* there appeared a slanderous article concerning myself in connection with the moving of a certain school house, to which I had intended to reply through your paper, but on seeing the editor of the *Mail* he told me he got his information from one T. A. Gallup, and would make the correction in the next issue of that paper; so I refrain from any comment on the article, farther than to say that it is a gross and willful pervertion of facts on the part of his misinformant. And had the Yolo *Mail* man published the article over the signature of T. A. Gallup, I would have done like the man that was kicked by the donkey—considered the source and passed it by.

R. R. DARBY.

DEMOCRATIC MEETING.—A great mass meeting of the Democracy will be held in Sacramento on Saturday next, July 29th, when Gov. Haight, Senator Casserly, Hon. S. S. Cox, Brick Pomeroy, Jo Hamilton, and other distinguished Democratic speakers will be present and address the Democracy on the living political issues. Free trains will be run on the railroads to and from Sacramento to carry all who want to go. Yolo will turn out almost *en masse*. On the following Tuesday, August 1st, there will be a Mass Meeting of the Democracy in Woodland, when the above named distinguished speakers will be here. The same arrangement will also be made with the railroads to carry persons to and fro. We shall have an immense gathering. Let every Democrat turn out, and our Republican friends are also invited.

SERIOUS AND PROBABLY FATAL AFFRAY.—On Sunday evening last Mr. Obe Green was stabbed with a butcher knife in the hands of his brother-in-law, named Newkirk. Mr. Green lives near Knight's Landing, in Sutter County, and was sitting in his house conversing with his family when Newkirk drew his chair near him and plunged a butcher knife in his back just below the shoulder twice, making two fearful gashes. Newkirk has been at times for the past two years partially deranged, and it is supposed in a sudden fit of insanity he committed the probably fatal act, as no previous misunderstanding existed between the parties. Mr. Green is a farmer of industrious habits with a large family, and the calamity is a distressing one upon them. At last accounts Mr. Green was alive, with but slight hopes of his recovery.

DICTIONARY WORDS.—It appears from a recent article emanating from our cotemporary, that the term "imperialism," as applied to Napoleon, renders it necessary that such a word as "liberalism" should be used to describe such a government as that now existing under the Emperor William of Germany. Now, while our neighbor is picking these big words out of the dictionary and hurling them indiscriminately, we would like him to occasionally point out their meaning and application; especially as it is the opinion of almost every human being capable of reading the current politics of the day that the Prussian King is now the most despotic Emperor on earth—one to whose ears the word "liberalism" is treason.

INFORMATION WANTED.—Our neighbor of the *Mail* has classical moments, and when such spells come over him, he goes back among those old-time individuals with Roman and Greek names in a manner calculated to make the heads of the unlearned swim with a vertigo occasioned by intermixed astonishment and admiration! In one of his recent squibs, in which he undertakes to throw mud at our candidate for School Superintendent, he invokes some classical personage whom he calls "Diogincse," and thereby makes a point which is all the more grandly effective because nobody can tell who in the world this "Diogincse" is. Now, come out, neighbor, and give us some idea of this "Diogincse."

THE CLUB MEETING.—The meeting of the Woodland Democratic Club, before which Hon. John Lambert had been announced to deliver an address, was very well attended, quite a number of ladies gracing the occasion with their presence. Mr. Lambert acquitted himself in a very able and efficient manner, showing up the difference between the two great political parties of the country. Colonel Flournoy, Ed. Roberts and Judge Johnson also made speeches which were pointed and had a good effect. We hope the ladies will continue to attend these meetings throughout the campaign. To-night the meeting will be in Washington Hall, and will be addressed by Col. S. G. Harper and others.

COMPLETED.—The great work of deepening the canal so as to let the waters of lake Michigan flow through it to the Illinois river is an accomplished fact, and now instead of a sluggish, filthy stream for its shipping, Chicago has clear, running water, and a passage way for all lake sailing vessels as well through the canal into the Illinois and Mississipi rivers and so out into the Gulf of Mexico, as the other way down the Lakes and through the Welland canal and St. Lawrence river out into the Atlantic.

FINED $500.—Wm. Miller, tried in our County Court on a charge of assault to commit robbery was found guilty by the jury, and remanded to jail to await sentence. On Wednesday last a motion for a new trial was argued by his counsel which was granted. The case of Griffin, Miller's accomplice, the jury having failed to agree, goes over to the next grand jury. Miller was also sentenced to pay a fine of $500 dollars for an assault upon a Chinaman.

TEACHERS.—A petition has been circulated during the week asking the School Trustees to retain Mrs. Rosboro', which has been quite numerously signed. The petition should also have embraced Mr. Stone and Miss Freeman, who are deservedly popular as teachers, having been tried and found worthy and fully competent. We believe a large majority of the parents in the District are in favor of retaining all the teachers named.

THE COSMOPOLITAN.—We understand that the managers of this enterprise are receiving large orders from every part of the United States for tickets, and the prospects are that the distribution will come off much sooner than the time advertised. If you have not a ticket procure one at once, and draw a prize and be happy.

HA HA!—The *Mail* bit at the bait thrown for it in our last issue and waxes exceedingly wroth over our publication of the rumors afloat concerning that tottering concern. "Our paper *commands* the patronage," says the editor, who forgets that but a few days ago he published a list of Republican County Committeemen who did not take his paper. That looks like "commanding" patronage. We are also vouchsafed the valuable information that the editor is responsible for all that appears in the paper. How strange! As we before stated, if the *Mail* was a better paper, its publisher would not have so many complaints to make. It suits us.

SUPERVISORS.—The matter of the road from C. W. Reed's to Knight's Lower Ferry came before the Board at a special meeting on Monday last, was argued by council and taken under advisement. The proposed change of boundary line between Fairview and Haight school district was rejected, so the old boundary line remains.

NEW YORK CIRCUS.—This mammoth combination will exhibit in Woodland on Monday next, July 24th. It is said to be an excellent company with fifty performers, seventy-five horses, ponies, etc. and affords a wonderful amount of amusement. Go and see the great New York Circus by all means. Read the advertisement.

COMMITTEE MEETING.—The County Central Committee will meet to-day and will probably call a convention of delegates to meet in Washington on Saturday, July 29th, for the nomination of a candidate for Supervisor in the First District.

NO CAMP MEETING.—The announcement of a camp meeting to be held at Davisville has been reconsidered, and we are requested to mention that those having the matter in charge have concluded not to hold a camp meeting at present.

CLUB MEETING TO NIGHT.—There will be a meeting of the Democratic Club to-night in Washington Hall, which will be addressed by Col. S. G. Harper and others. All are invited to attend, especially the ladies.

SOCIAL PARTY.—There will be a Social Party and dance at Brown's Corners, near the Woodland Race Track, 1½ miles west of Woodland, on Friday next, July 29th, to which all are invited.

LAST DAY.—August 7th is the last day allowed by law to voters to place their names upon the new poll lists. Every man must see for himself that his name is there.

LIQUORS.—For a pure article of whisky at fair prices, the advertisement of J. G. Schwalm tells you where to go.

For the very best Photographs, go to BRADLEY & RULOFSON, No. 429 Montgomery Street, San Francisco. ☞ Closed on Sundays. ☜

SPECIAL NOTICES.

IF you would have New Life, New Blood and renewed vigor, use Heimbold's Grape Pills. Purify the Blood and Beautify the Complexion by the use of Heimbold's Extract Sarsaparilla. They are no cheap patent medicines, but thoroughly Pharmaceutical, and are not equaled by any English or French preparation.

THE great rivers of America are wonderful, but they cause bilious, intermittent and remittent fevers, to which people who live near the Mississippi, Missouri, Arkansas, Red, Ohio, James, Tennessee, Roanoke, Mobile, Alabama, Savanna, Cumberland, and many others, during the warm and dry seasons, are particularly subject. Such disorders are largely caused by a torpor of the digestive organs and clogging up of the liver. To correct those vital organs, restore energy, and prevent these diseases use DR. WALKER'S CALIFORNIA VINEGAR BITTERS, which long trial has shown, are a certain remedy in all cases.

A FEW WORDS TO THE LADIES.—Many ladies, particularly mothers nursing, complain of a tired, listless feeling, or complete exhaustion on rising in the morning. On the wife and mother devolves the responsibility of regulating the duties of the household. Her cares are numerous, and the mental as well as the physical powers are frequently called into requisition. She often finds her slight occupation a weary task and existance a burden, while at the same time she has no regular disease. Hostetter's Stomach Bitters, if resorted to at this period, will prove an unfailing remedy for this annoying lassitude. The effects of this potent agent are soon seen in rosy cheek an elastic step of the head of the family, as with restored health and renewed spirits she takes her accustomed place in the family circle. If this friend in need be regularly used, those depressing symptoms will never be complained of, and not only would lassitude not be experienced, but many diseases following its advent be avoided. As a medical agent it has no equal, while its pleasing flavor and healthful effects have made it a general favorite. It is free from all properties calculated to impair the system, and its opperations are at once mild, soothing and efficient. All who have used the Bitters attest its virtues and commend it to use.

LARGE FIRE IN MARYSVILLE.—Only last week a fire occurred in Marysville by which several buildings were destroyed, and now we have accounts of another and much more severe one, which commenced at noon on Monday last. The fire broke out in the sash and door factory of W. C. Swain, in the block bounded by Fourth, C, Third and D streets, consuming the entire block, with the exception of the dwelling houses of Dr. Harrington, W. L. Lawrence, M. C. Ellis, C. E. Sexy, and the Presbyterian Church and the store of Cody & Lewis.

The following is a list of the sufferers: W. C. Swain, loss, $25,000, insured for $7,500; John Peffer, loss $2,500, insured for $650; Ed. Harrington, $10,000, insured for $6,000; Dr. Rodgers, $500, no insurance; J. S. Belcher, $200, no insurance; ex-Mayor Hudson, $6,000, insured for $3,500; Doc. Harrington, $7,000, insured for $3,700. W. L. Lawrence, $300; W. C. Schaffer, $3,000, insured for $1,200; L. B. Ayer, $8,000, insured for $4,000; Thomas Lalloway, $3,000, insured for $1,500; C. C. Cary, loss unknown; Rosenbaum $1,500, no insurance; Cooley & Lewis, loss unascertained; insured for $7,500; Springer & Welch, $600, no insurance; D. Allen, $500, no insurance; M. C. Ellis and Mr. Sexie probably lost $200 each. The losses foot up near $80,000; insurance, $25,000.

On Wednesday evening a third fire occurred which entirely consumed a two story wooden cottage owned by E. Healy, and occupied by J. W. Dingman, who saved most of his furniture in a damaged condition. The house was insured.

The Yolo Democrat.

Miscellaneous Items.

THE Marysvillile *Standard*, Independent Republican, says the success of Mr. Pearce is assured beyond a doubt, and that he will beat Coghlan over one thousand votes in spite of Mare Island.

EVERY Democrat in the county should call at the Clerk's office and see that his name is on the Great Register. If it is not on, have it put on at once. This is not a matter to be delayed.

JOHN BOYER, a half-breed, at Cheyenne, just hung for murder, made his dying speech. It is certainly a model of brevity: "Me no Squaw; me brave. You feel my leg—he no shake; my hand, he no tremble needer. Me d—good man."

IT is Democratic to obey the laws, even if we do not like them. If we believe them to be unconstitutional, we can test them in the Courts. If we believe them to be unjust, unwise or impolitic, we can appeal to the ballot box for their repeal.

COMMISSIONER Pleasanton, after an examination of the accounts of his department, publishes a statement, showing that there is due to the Government, from defaulting Collectors of the Internal Revenue, a total of $2,813,-105,29.

THE San Francisco *Bulletin*, in noticing the nominations of the Radical State Convention says: "The nominations of Green for Controller, of love for Attorney General, of Malone for Harbor Commissioner, fail to commend themselves, either for lack of fitness or special capacity."

THE *Examiner* has shown the purported proceedings of the National Labor Union and Settlers League denouncing Governor Haight was a fraud. Most of the signatures to it are of Republicans, while the names of Democrats were either placed there without their consent, or without the authority of the society they pretended to represent. The affair is disgraceful to the parties concerned, and ought to sink them in the estimation of all honorable men.

SUNDAY before last, at Long Branch President Grant, being too much fatigued from his previous days journey to and from New York, to attend church, appeared on the road with his family in a magnificent carriage (presented to him by admiring friends) drawn by two high stepping bays (also a present), with four colored servants, two on the drivers seat and two behind, dressed in gorgeous butternut-colored livery (presented by a New York tailor). A remarkable exhibition of Republican simplicity.

THE New York *World* calls attention to the fact that the high tariff and protection policy does not enable our manufacturers to sell more of their productions out of the country than before. Indeed, in 1860 our total exports; of manufactured articles were $94,385,127 or seventeen and one-fourth per cent of the agregreat of exports; while last year the amount was $66,274,129, or only thirteen per cent. of the agregreat. This, too, while the country has increased thirty per cent in population. Protection puts a premium on bad management, carlessness and lack of ingenuity and enterprise, and, in the end, is as destructive to the best interests of the manufacturer as it is costly to the people at large.

THE MAN WHO "ACCEPTS EVERYTHING."—The Detroit *Free Press* draws the following picture of the chief magistrate of the United States, who, deserting his post at Washington as no one of his predecessors has ever done, is splurging at a watering place—Grant draws considerable attention at Long Branch, despite the other attractions. He rides in a carriage presented to him, behind a span of horses presented by an office seeker, harnessed up in a gear presented by a Philadelphian, driven by a man in the service of the government and returns home to a cottage bought by a New York house, walks on carpets given him by Stewart, eats from dishes the gift of a Boston man, and rises from the table to go to bed on the gift of a cabinet maker of Troy.

BATTLE OF THE BOYNE.—The battle of the Boyne, which Protestant Irish always celebrate throughout the world on the 12th of July, was fought on the banks of the river Boyne, which divides the Irish counties of Louth and Meath, on the 1st of July 1690. By the alterations from the old style to the new, the 3d of September, 1775, was made the 14th, and hence the anniversary is now kept up on the 12th. The occasion was the battle by the Prince of Orange, William III., against his father-in-law, James II., and decided the fate of the last named sovereign to retain the English crown, as he was defeated and compelled to flee to France. The engagement may be considered purely a religious one. The army of James, composed of the Catholics of Ireland, with some French legions, consisted of about 30,000 men; while William's army numbered 36,-000, and was composed of the Protestant Irish, English regiments, a Huguenot battalion, and some troops from the United Provinces. In the army of James about 1,500 were killed, while William's lost about one-third of that number. Orange processions in Ireland are prohibited by the Party Procession Act, as the commemorations of the battle of Boyne, and the raising of the siege of Derry were always attended with riotous proceedings.

GATES OF PUGET SOUND.—The Pillars of Hercules, on which swing the gates of inlet and outlet to the Mediterranean Sea, are but the posts of a wicket, compared to the gigantic portals of De Fuca. The width of the entrance is fourteen miles. The northern gate-post, Cape Bonilla, is the seaward buttress of a range of mountains, some of which are 6,000 to 7,000 feet high. They are covered with fir trees to the summit. Cape Flattery, the head land on the south, it is a wonder that men in various sections of the United States should travel round the globe to see. It is the termination of the snow-clad Olympic range. Where it breaks down into the ocean it is a perpendicular wall one hundred feet high, of ragged contorted rock, a conglomerate of bolders, of basaltic beach sand, round cobbels and pebbles, solidified into the hardness of adamant. The manerial presents the resistance of flint. But a force of nature in some far back age cracked, broke and deranged it, as a man with the grip of his fingers would splinter an army biscuit. Immense blocks stand detached in every position. Down beneath them the sea has for centuries been drilling and boring into the rock, and has made vast and deep grottoes and arches, and colonades into which the seal live and love, and raise their families of baby seals, and where violet-colored cormorants, petrels, guillemots, harlequin ducks, and murres make nests, and make music of a delicious-ness that money cannot buy.

State of California---Department of State.

I, H. L. NICHOLS, Secretary of the State of California, do hereby certify that the annexed is a true, full, and correct copy of Chapter Four Hundred and Forty-four, Statutes of California, Eighteenth Session; approved April 2d, 1870, now on file in my office.

Witness my hand and the great seal of State, at office, in Sacramento, California, the 25th day of May, A. D. 1871.

SEAL.

H. L. NICHOLS,
Secretary of State.

AN ACT

To provide for the payment of the funded indebtedness of the State of California, and to contract a funded debt for that purpose.

[Approved, April 2, 1870.]

THE PEOPLE OF THE STATE OF CALIFORNIA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the State of California hereinafter specified, and to lessen the burden of taxation, the Governor of the State, the Controller of State and the Treasurer of State, and their successors in office, shall constitute a Board of Commissioners, to be styled the Loan Commissioners of the State of California, and shall have and exercise the powers and perform the duties hereinafter provided.

Sec. 2. The said Loan Commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said State, bearing interest at the rate of six per cent. per annum, which interest shall be payable semi-annually, in gold coin, on the second days in January and July in each year, at the office of the Treasurer of State. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said Loan Commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said Loan Commissioners, and shall have the seal of the State affixed thereto; and the faith of the State of California is hereby pledged for the payment of said bonds and the interest accruing thereon as herein provided.

Sec. 3. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the Treasurer of the State.

Sec. 4. Before the sale of any of said bonds the said Loan Commissioners shall cause notices of such sale to be published, for the space of one month in three daily newspapers published in English, one in the City of New York, one in the City of London, in England, and one in the Capital of the State; in and for the space of one month in a daily newspaper published in French, in the City of Paris, in France, and for the space of one month in a daily newspaper published in German, in the City of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, which shall be at the State Capital, and that sealed proposals will be received by the said Loan Commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said Loan Commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the State; *provided*, that said Loan Commissioners may reject any or all bids, if they deem it to the advantage of the State; and *provided* further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and *provided* further that said bonds shall not be sold at less than ninety-one cents on the dollar, in gold coin, par value.

Sec. 5. It shall be the duty of the Treasurer and Controller of State each to keep a separate record of all bonds sold under the provisions of this Act, showing the number, date, amount and rate of interest of each bond, and to whom the same was issued.

Sec. 6. The sum of one thousand dollars is hereby appropriated out of the General Fund for the payment of the expense that may be incurred by the Loan Commissioners in having such bonds prepared and said notices published.

Sec. 7. The proceeds of such bonds shall be paid into the State Treasury and shall be applied to the payment of the following bonds, in the order of their issuance:

First—The outstanding bonds issued under the Act entitled an Act to provide for certain equitable claims against the State of California, and to contract a funded debt for that purpose, approved April twenty-eight eighteen hundred and fifty-seven.

Second—The outstanding bonds issued under the Act of eighteen hundred and sixty.

Third—The outstanding soldiers' relief bonds.

Fourth—The outstanding soldiers' bounty bonds.

Sec. 8. All persons having any of the bonds specified in section seven of this Act shall, upon presentation of such bonds to the said Loan Commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this Act, at the rate of ninety-three cents on the dollar, par value, but no bond shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars, but the said Loan Commissioners may issue certificates of such fractional parts not bonded, which said certificate shall be transferable and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this Act. The Loan Commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the Secretary of State.

Sec. 9. Whenever there shall be in the State Treasury, from the proceeds of the sale of bonds issued under this Act, a sum of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise in two newspapers, printed in English, one in New York and one in the Capital of the State, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement, such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Sec. 10. For the payment within twenty years of the principal and interest of the bonds issued under this Act, there shall be and is hereby levied annually, after the bonds have been issued under this Act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the State, to be computed by the Controller of State on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this Act are paid, fifteen per centum of the amount of such bonds issued. The Controller shall certify the rate of tax thus computed by him to the several County Auditors, and the said Auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other State taxes. Every tax levied under the provisions or authority of this Act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the State treasury, and shall be applied—

First—To the payment of the interest on the bonds issued by the provisions of this Act.

Second—To the payment of the principal of such bonds.

Provided, that all moneys remaining in the State treasury on the third day of January, in each year, for the first five years after the issuance of any bonds under this Act, after all the interest on such bonds then due has been paid, shall be transferred by the Treasurer of State to the General Fund.

Sec. 11. Whenever, on the third day of January or July, in any year, after the expiration of five years from the date of issuance of any bonds under this Act, there remains, after the payment of the interest, as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise, for the space of one month, in one daily newspaper, published in English, in the City of New York, and for one month, in one daily newspaper, published in English, at the State Capital, for sealed proposals, to be opened one month after the expiration of such publication by the Treasurer, in presende of the Governor or Controller, at the State Capitol, for the surrender of bonds issued under this Act, which advertisement shall state the amount of money he has on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exausted; *provided*, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the Sinking Fund to a less amount than ten thousand dollars, then it is hereby made the duty of the Treasurer to advertise in two newspapers, one in New York and one at the Capital of this State, for three months, which advertisement shall state the amount of money in the Sinking Fund, and the number of bonds, numbering them in the order of their issuance, which such fund is set apart to pay and discharge; and if such bond so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication; before any of said bonds shall be paid, they shall be presented to the Controller, who shall endorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Sec. 12. The Treasurer of State shall keep a full and particular account and record of all his proceedings under this Act, and of the bonds redeemed and surrendered, and he shall transmit to the Governor an abstract of all his proceedings under this Act, with his annual report, to be by the Governor laid before the Legislature; and all books and papers pertaining to the matter provided for in this Act shall at all times be open to the inspection of any party interested, or the Governor or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both.

Sec. 13. It shall be the duty of the Treasurer to pay the interest on said bonds, when the same falls due, out of said Interest Fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the General Fund; *provided*, that the Controller of State shall first draw his warrant on the Treasurer, payable to the order of said Treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

Sec. 14. This Act shall take effect sixty days after the next general election, as to all its provisions, except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, which shall take effect immediately.

Sec. 15. This Act shall be submitted to the people of the State for their ratification, at the next general election, and the qualified electors of this State shall, at said election, on their ballots for State officers, vote for or against this Act; those voting for the same shall write or have printed on their ballots the words "Refund the Debt—Yes," and those voting against the same shall write or have printed on their ballots the words, "Refund the Debt—No."

Sec. 16. The votes cast for and against this Act shall be counted, returned and cancelled, and declared in the same manner and subject to the same rules as votes cast for the Treasurer of State, and if it appears that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this Act, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes so cast are against this Act, then the same shall become void.

Sec. 17. It shall be the duty of the Secretary of State to have this Act published in one newspaper in each judicial district of this State, for three months next preceding the next general election, for which publication no greater allowance shall be made than the rates allowed by law to the State Printer. The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful Alterative in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. Send for a circular.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," etc., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will prove to the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS. ja7

THE DOMESTIC

Sewing Machine!

A New Favorite in California.

The Domestic Sewing Machine has just been introduced into this State, and is now offered to the public. It makes the Shuttle or Lock Stitch, alike on both sides, uses a straight needle, and its range of work is from the heaviest to the most delicate fabric, sewing every kind perfectly. It has a self-adjusting tension, which requires no alteration in changing the thread, or in sewing different thicknesses. In simplicity and durability it is unequaled. One great advantage in this machine is, that it will sew over thick seams without difficulty.

The Domestic Stands on Its Merits Alone,

Which have secured it large sales wherever it has been introduced. It combines beauty of appearance with easy, quiet action and perfect work.

THE DOMESTIC SEWING MACHINE is furnished in various styles, the prices ranging about with those of other first class machines.
